## KYODO PRINTING CO., LTD. and Consolidated Subsidiaries

## Notes to Interim Consolidated Financial Statements (Unaudited)

## 1. BASIS OF PRESENTING INTERIM CONSOLIDATED FINANCIAL STATEMENTS

The accompanying interim consolidated financial statements of KYODO PRINTING CO., LTD. (the
"Company") and its consolidated subsidiaries (together, the "Group") have been prepared in accordance with the provisions set forth in the Japanese Financial Instruments and Exchange Act and its related accounting regulations and in accordance with accounting principles generally accepted in Japan, which are different in certain respects as to the application and disclosure requirements of International Financial Reporting Standards.

The accounting standard for quarterly financial statements requires companies to prepare a set of interim consolidated financial statements for each quarter comprised of the consolidated balance sheet as of the current quarter-end and the consolidated statements of income, and comprehensive income, and cash flows for the year-to-date period. A statement of changes in equity is not required.

The interim consolidated statements of changes in equity are not presented herein.
In preparing these interim consolidated financial statements, certain reclassifications and rearrangements have been made to the interim consolidated financial statements issued domestically in order to present them in a form which is more familiar to readers outside Japan.

The interim consolidated financial statements are stated in Japanese yen, the currency of the country in which the Company is incorporated and operates. The translations of Japanese yen amounts into U.S. dollar amounts are included solely for the convenience of readers outside Japan and have been made at the rate of $¥ 110.54$ to $\$ 1$, the approximate rate of exchange as of June 29, 2018. Such translations should not be construed as representations that the Japanese yen amounts could be converted into U.S. dollars at that or any other rate.

Japanese yen figures less than a million yen are rounded down to the nearest million yen except for per share data. U.S. dollar figures are translated from millions of yen and rounded down to the nearest thousand dollars except for per share data.

## 2. SIGNIFICANT ACCOUNTING POLICIES

Substantially the same accounting policies have been followed in these interim consolidated financial statements as were applied in the preparation of the consolidated financial statements for the year ended March 31, 2018, with certain simplified methods, except for the policy specifically allowed and adopted for interim accounting periods described below.
a. Tax Expense-Tax expense for interim period is measured by applying a reasonably estimated effective tax rate for this fiscal year as adjusted after tax effect accounting to income before income taxes for the interim period.

## b. Additional Information

Application of "Partial Amendments to Accounting Standard for Tax Effect Accounting," etc.
The Company has applied "Partial Amendments to Accounting Standard for Tax Effect Accounting"
(Accounting Standards Board of Japan ("ASBJ") Statement No. 28, February 16, 2018), etc. from the beginning of the three-month period ended June 30, 2018. Deferred tax assets are presented under "INVESTMENTS AND OTHER ASSETS" and deferred tax liabilities are presented under "LONG-TERM LIABILITIES."

## 3. TRADE NOTES AND OTHERS

Notes maturing at the end of the period are settled on their clearance dates. As the balance sheet dates of the three-month period ended June 30, 2018 and the year ended March 31, 2018 were bank holidays, the following amounts of notes matured on the balance sheet date were included in the balance of trade notes and other current liabilities as of June 30, 2018 and March 31, 2018:
